

March 7, 1973

the intent of the law is, and I believe we have a reasonable chance of being sustained, because we have had the constitutional amendment that we could hinge our state income tax to the Federal, and this is the procedure the federal has always accepted and therefore, I suppose we should wait and I would recommend that we wait until the court decision has been handed down, and then we can make a decision of the introduction of a bill that would possibly more clearly spell out the item at hand.

SPEAKER: Do we have any other business on the desk?

CLERK: Yes Mr. President, I move to withdraw a legislative bill 350, signed Senator Fellman.

SPEAKER: Lay it over one day.

CLERK: Mr. President, I move that the executive board of the legislature be directed by this body to investigate the possibility of redistricting the legislature in the 1974 session to eliminate some of the inconsistencies and irregularities now existing in the boundaries of present legislative districts and study the possibility of redistricting the legislature in conformity with guide lines set recently by the U. S. Supreme Court decision, signed Senator Fred Carstens.

SPEAKER: Let's print it in the journal and lay it over. Any other business on the desk?

CLERK: Communication from the Attorney General's office dated March 2nd, 1973 to Senator Kremer (read). It will be inserted in the journal.

SPEAKER: Senator Whitney. We'll order it printed in the journal.

SENATOR WHITNEY: Mr. President and members of the legislature, I want to announce that there will be a continuing hearing on Dr. Anderson for the directorship of the Department of Institutions at 12:30 today, in the East Senate Chambers.

SPEAKER: That was the East Senate Chamber, not the East Senate Lounge? Did you all hear the announcement? Okay any other business to come before the body?

CLERK: Another Attorney General opinion to, dated March 6, 1973, to Senator Terry Carpenter (read). Mr. President Mr. Kelly requests to be excused Thursday at 10:30 a.m. for the rest of the day.

SPEAKER: Are there objections? Hearing none, so ordered.

CLERK: New legislative bill 523 Title Read. New A bill, LB 311 A Title Read.

SPEAKER: Just a minute, Senator Carpenter, for what purpose do you rise?

SENATOR CARPENTER: In reference to Senator Proud's bill introduced by the Governor, which takes care of deficit priority, I'd like to move we put it on general file without a hearing. A hearing will do no good and if Senator Marvel will be here tomorrow wants to object then you can refer it to a committee. Something we have to do anyway.

SPEAKER: Senator Carpenter will you write out your motion and leave it with the Clerk then, and we will take it up tomorrow then, thank you sir, any other business on the desk?

CLERK: Committee Reports (read). Notice of Committee Hearing.

SPEAKER: Read the Notices.
